

“Let the professionals TEACH how it’s done.”

CPB™ Medical Billing Course Syllabus-Hybrid Instructor-led course

Prerequisites: Knowledge of medical terminology and anatomy (or Enroll in our courses) recommended.

Clock Hours: 80 (Note: 80 clock hours accounts only for time spent in the online course and does not include time spent outside the course or study time. Study time will vary widely per individual.)

Course Length: To be completed in 16 weeks. Instructor will advise of the course start date after enrollment.

Class Hours: Days/Times Per Week: Online course, independent self-study along with one LIVE weekly instruction. Class instruction is via zoom Wednesday evenings 1.5 hours per week. Students agree to class attendance and participation, keeping up with chapters appropriately 18-20 hours of study per week.

Certificate of Completion Issued: Yes

CEUs: 40 CEUs upon completion (AAPC certified prior to enrollment; some certifications excluded – see AAPC website for more details.)

Course Description: This course introduces the student to health insurance and reimbursement. In this course, the student will become familiar with the health insurance industry, legal and regulatory issues, and differences in reimbursement methodologies. The student will learn principles of medical billing related to proper claim form preparation, submission, and payment processing, and the follow up process. This course is recommended for anyone who is preparing for a career in a medical billing department at a physician's office, clinic, or similar positions. This course is strongly recommended for anyone who is preparing for AAPC's CPB™ certification exam.

Course Objectives:

- Review an introduction to healthcare from a medical billing perspective.
- List a variety of health insurance models and how they affect medical entities.
- Understand the legal regulatory considerations involved in health care reimbursement and collections.
- Explain the process of a physician-based insurance claim including obtaining patient data, claim form completion, insurance carrier processing and payment received.
- Demonstrate the ability to use the three major coding manuals, CPT®
, ICD-10-CM, and HCPCS Level II, and
apply medical necessity standards.

- Explain the follow up process for A/R in a physician's office, including the top denials by insurance carrier along with their appeals process.

Course Content:

- Introduction to Healthcare
- Health Insurance Models
- Patient Registration Process/Data Capture
- Introduction to ICD-10-CM Coding
- Introduction to CPT® Coding
- Introduction to HCPCS Level II Coding
- Medical Necessity
